# Molasses Blends

The Essential Feed Ingredient

Enjoy the sweet taste  
of **success**

**RESEARCH  
PROVEN**

- Molasses based liquid feeds continue to represent excellent value for money in today's market
- With restricted grass growth, make the most from grass with additional supplementation to maintain production and to correct grass imbalances
- Sugars can help provide a well balanced buffer feed and ensure dry matter intakes are achieved which is vital to driving animal performance
- Molasses based liquid feeds are proven to improve fibre digestion and feed efficiency helping to unlock the full value of your energy sources on farm
